Re: Kashrus Supervision

Dear Mr. Rubashkin:

After due deliberation of the Rabbinate with the members of the Kashruth Committee, and after consideration of the appeals made by you to rescind the decision conveyed in our letter of October 16, 2007, we regret to inform you that the decision to terminate our supervision of all Agriprocessors' operations effective April 16, 2008 (11 Nisan 5768) stands. In accordance with the suggestion that you made in your discussions with members of our Kashruth Committee, our Kashrus Administrator, Rabbi Moshe Edelstein, will be responsible for overseeing the Agri operations that remain under our supervision through the termination date. No meat or poultry slaughtered after April 15, 2008 may bear our Kashrus certification.

We are fully cognizant of the momentous repercussions that our decision entails and can assure you that we have not taken it lightly. We will always look favorably upon the possibility of some future collaboration if the circumstances so warrant.

We sincerely wish you and your family continued success in all your endeavors.

Very truly yours,

K'HAL ADATH JESHURUN
