PESACH LIST 5768

The Rabbinat expends significant efforts to assure the Kashrus of products produced under our supervision and the manufacturers expend additional funds to comply with our Kashrus requirements. We therefore urge our members and friends to patronize manufacturers under our supervision by buying their products whenever available.

We are confident that our members and friends will understand the importance of supporting the Kashrus efforts of our Kehilla. We therefore urge that items with other supervisions be purchased only if the brands which are under our direct supervision are not available.

Before purchasing products for Pesach, be sure to check label for "P" or any other indication that the product is Kosher for Pesach.
