

Nutritional Supplements & Infant Formula for Passover 2017

The OU has researched the following nutritional supplements and infant formulas and determined that they are respectively suitable for someone who is infirm (*choleh she'ain bo sakanah*) and for infants, when bearing the OU logo.*

* Most of these products contain *kitnios*, and for some that is the primary ingredient. With the exception of the flavors used, any item which might be *chametz*-based is used in such small proportions that it is *batel b'shishim* (nullified). Where possible, it is preferred to (a) use a substitute which is certified for *Pesach*, and (b) use a liquid supplement instead of a powdered one.

Milk Substitutes for Passover 2017

The OU has researched the following milk substitutes and determined that they do not contain chametz, and are kosher when bearing the OU symbol. However, the (a) soy and rice milks are kitnios-based, and the almond milks may also contain kitnios and (b) may contain other ingredients which are only appropriate on Pesach for people with specific health needs. Accordingly, these items should only be used after consultation with one's Rabbi who will determine if and how it is appropriate for a given person to use them.
