KASHRUT ALERT

Sunday, November 15, 2026

Please be advised that BOCA FREEZE soft serve-ice cream machines are not under the supervision and are not certified kosher by the Florida K. Consumers should return purchased product for a full refund.

Florida K does certify a variety of Ice Cream mixes in bulk containers. Without rabbinical oversight, a retail store may substitute a non-kosher base mix when a supplier runs out, leaving the customer with no way to verify what is inside the hopper.

Florida K urges all kosher consumers to make sure that the retail store has a reliable kosher certification.

Please send all comments and questions to rabbi@flkosher.com
