### 5786 General Chodosh Cut-Off Start Date Chart for the USA Only.

Dates marked with \* are Tentative Dates and *subject to change*.

Revised: February 4, 2026

This page lists the packing date cutoff of the last day that a product is yoshon. Therefore, if a product was made *on or before that date*, it is yoshon. These are NOT Best By dates. See [Yoshon.com](http://Yoshon.com) for specific product entries. For items with multiple grains, use the earliest grain's date. The base Julian date code is listed for convenience. The year code (1-2 digits) can appear either before or after the base date code.

**Note:** Pure 100% Spelt and Rye from North America are winter crops and are always *yoshon*.
