PLEASE NOTE THE FOLLOWING POINTS:

- Many of the products contain *kitniyot*, some as the primary ingredient.
- Some of the products may contain minor ingredients that are possibly, though unlikely, produced from *chametz*-based raw materials. All such ingredients are used at a less than 1:60 ratio.
- Liquid versions of these products are preferable to their powdered counterparts.
- Products that contain flavors should only be provided when no unflavored alternative exists.
- Products should be purchased before Passover and stored and maintained separately from Kosher-for-Passover Foods.
- A few – not all – of the Ensure, Glucerna, PEDIASURE and Jevity products contain oat fiber; the OU has determined that the fiber is not *chametz*, and the products are permitted to be consumed on Passover.
